LabGel[®]

Naturally Flavored Gels Providing Enrichment, Hydration,
and Medication Delivery

LabGel[®] is a non-wetting naturally flavored gel, designed to provide enrichment and hydration. It is an excellent vehicle for medication delivery, for your non human primates and other research animals. Flavor enhanced to promote acceptance and consumption.

Delivering Solutions

- Thermo-reversible gel supports various applications:
 - Use with enrichment devices
 - Delivery and flavor masking of oral medications
- Provides up to 93% water for efficient hydration
- Available in a No Sugar Added formulation, for calorie restricted diets

Delivering Quality

- Purified ingredients
- Product complies with quality standards as tested by an independent laboratory.
- Certificate of Analysis by manufactured lot
- Individually coded with lot and date of expiration
- FDA approved materials
